Santiago López Martínez-Morás (Universidad de Santiago de Compostela)

Troianalexandrina publica trabajos sobre textos medievales europeos de materia clásica (materia de Troya, Alejandro Magno, literatura y mitología clásicas en la Edad Media). Siguiendo normas internacionales de calidad, los originales, en cualquier lengua oficial de la Unión Europea, serán sometidos anónimamente a un proceso de evaluación externo a la Dirección de la revista, a cargo de los miembros del Comité Científico o de otros especialistas consultados.

Troianalexandrina publishes papers on European Medieval texts dealing with classical material such as the Trojan matter, Alexander the Great, classical literature and mythology in the Middle Ages. Each volume contains a section with articles on these issues, a bibliographic section and a section with reviews of publications dealing with the subject area. Each volume contains on average 300 pages.
