CONCILIORUM OECUMENICORUM
GENERALIUMQUE DECRETA

BREPOLS

CONCILIORUM OECUMENICORUM GENERALIUMQUE DECRETA

Corpus Christianorum. Conciliorum Oecumenicorum Generaliumque Decreta (CCCOGD) focuses on what has been decreed in different forms by those church councils recognised as ecumenical by one or more churches, by general councils of the churches of one or more traditions, as well as by councils which have a greater importance in the history of the individual churches. Volume 5 (ed. A. Melloni, in collaboration with E. A. Ishac) turns its attention to the general councils of the Eastern Christian Churches.

The selection of the decisions of the Synods of the Eastern and Oriental Orthodox Churches will illustrate the richness and vitality of the various Orthodox Churches. The criteria employed are those of historic prominence and relevance today. The combination of these two elements reduces considerably the number of decrees which may be chosen, but still allows one to indicate individual and unique characteristics of each type of synod.

CCCOGD, V.1-2:

The General Councils of the Eastern Christian Churches

A. Melloni (ed.), in collaboration with E. A. Ishac

The series *Conciliorum Oecumenicorum Generaliumque Decreta* is intended to offer a better critical edition for the decrees of

- Councils and synods recognised as ecumenical by one or more Churches,
- general Councils of the Churches of one or more traditions,
- Councils which have a greater importance in the history of the Churches themselves.

Canonical reception, theological effect, the scholarly consensus, are therefore applied as the main criteria of a work based on scientific parameters and on philological principles: however, as well as each scholar who needs definitive editions, also the theologian can trace the proper approach of his discipline and confession.

When finished, the series will span almost two millennia of conciliar decrees, all of them critically edited, indexed and introduced by specialists. This unprecedented research program is conducted under the direction of Giuseppe Alberigo i.m. and Alberto Melloni, its results being published as a subseries in the renowned source collection *Corpus Christianorum*.

Reviews:

“... un précieux outil de travail pour l'étude des conciles...”

(B. Meunier, in: *Revue des Sciences philosophique et théologiques*, 92 (2008), p. 799)

“Für jede nähere Beschäftigung mit der Geschichte und der Bedeutung der großen Konzile der Reichskirche ist das Werk unverzichtbar.”

(A. Thier, in: *Zeitschrift der Savigny-Stiftung für Rechtsgeschichte: Kanonistische Abteilung*, 97, 1 (2011), p. 506)

“In short, university and seminary libraries may do well to purchase this new edition.”

(Norman Tanner, in: *Gregorianum*, 95 (2014), Fasc. IV, p. 874-875)

“The COGD series is an impressive enterprise (...) In summary: these collections are very useful, and are generally very well done. It goes without saying that anyone who wishes to study these Councils must take account of a great deal of material outside the decrees themselves.”

(Bengt Alexanderson, in: *Augustinianum*, 58, 1 (2018), p. 265-266)

CCCOGD, VI.1:

*Synods of the Churches of and after the Reformation:
The Dawn of the Reformation (16th-17th Centuries)*

A. Melloni (ed.), in collaboration with G. Braghi

This volume includes the critical editions – in some cases the very first critical edition – of a selection of synods of the Churches of and after the Reformation from 1526 to 2010. This collection of synodal decrees represents different confessional families and covers a wide linguistic and geographical spectrum between Europe and North America.

2 vols, approx. 1140 p., 160 x 245 mm, 2024, HB
ISBN 978-2-503-54506-6, € 700 *excl. VAT*

TABLE OF CONTENTS

General Introduction (A. Melloni)

1526	Concilium Hombergense (J. Schilling)
