

Journal

Yearbook of Langland Studies

The *Yearbook of Langland Studies* is the sole journal devoted to *Piers Plowman* studies. Since 1987, YLS has significantly shaped the expanding critical attention to the poem and its contexts. Each volume - including essays, debate, reviews, and annual annotated bibliography - offers access to the most significant and up-to-date scholarship on the poem and its literary, historical, codicological, and critical contexts.

EDITORIAL BOARD

Editors

Alastair Bennett, *Royal Holloway, University of London*

Katharine Breen, *Northwestern University*
