

The background of the cover is a detailed mosaic. It features a large, stylized face of a classical figure, possibly a deity or philosopher, with a prominent eye and a beard. The face is rendered in warm tones of orange, red, and yellow. Below the face, there are green, leafy branches or foliage, also in mosaic style. The overall composition is rich and textured.

CORPVS CHRISTIANORVM

A multifaceted exploration of the dynamics of translating patristic texts in Late Antiquity, mainly but not exclusively from Greek into Latin and Syriac.

Les contributions rassemblées dans ce volume abordent divers aspects de la question du rapport entre la langue telle qu'elle est et telle qu'elle doit être chez les théoriciens du langage grecs et latins, entre le III^e s. av. J.-C. et le début du second Moyen Âge.
